Step 2: Click on the settings (last option on the drop-down list) as shown below.

Step 3: Click on Private on `Private and security' and then "site settings" as shown below.

0	Settings Click here	Q Search settings	
•	You and Google	Safety check	
Ê	Autofill and passwords		
۲	Privacy and security	Chrome can help keep you safe from data breaches, bad extensions and more	
Ø	Performance		
۲	Appearance	Privacy and security	
Q	Search engine	Clear browsing data Clear history, cookies, cache and more	
	Default browser	Privacy quide	
U	On start-up	Review key privacy and security controls	
	Languages	Third-party cookies Third-party cookies are allowed	
<u>+</u>	Downloads	Ads privacy	
Ť	Accessibility Click here	Customise the info used by sites to show you ads	
٩	System	Safe Browsing (protection from dangerous sites) and other security settings	
Ð	Reset settings		
*	Extensions 🛛	Controls what information sites can use and show (location, camera, pop-ups and more)	

Step 4: Click on the microphone as shown below.

Permissions				
۰	Location Sites can ask for your location		•	
	Camera Sites can ask to use your camera	Click here	•	
۹	Microphone Sites can ask to use your microphone		•	
٠	Notifications Collapse unwanted requests (recommended)		•	
G	Embedded content Sites can ask to use info they've saved about you		•	
Additional permissions			~	

Step 5: Click on the first option to allows the microphone then close the browser for the setting to take effect.

← Microphone	Q Search			
Default - External Microphone (I 🕶 Sites usually use your microphone for communication features like video chatt	ing			
Default behaviour Sites automatically follow this setting when you visit them				
O 🌵 Sites can ask to use your microphone				
 Don't allow sites to use your microphone Features that need a microphone won't work 	ick here			

End: when you go to BBB make sure you allow the microphone when you get the pop-up.
